

# April Newsletter

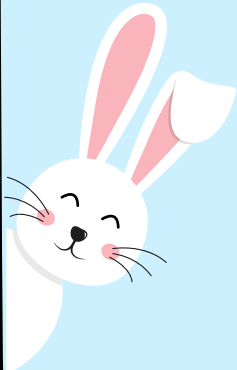

## A letter from the admin team

This month, we will be taking a look at nursery rhymes, the weather, Earth Day, and insects/life-cycles. Parent-Teacher conferences will be held the week of April 15th-19th for our graduating Pre-K students! Other classrooms will be finishing up assessments that will be sent home to you mid-May.

Registration is complete and we thank all of you for being timely with returning your forms. If there is a reason we are unable to accommodate the schedule that you requested, we will contact you directly. Otherwise, you may assume it is approved! Please remember that we will be billing the registration and summer activity fees on the **May tuition statement**.

Warmer weather is approaching! Please don't forget to turn in your sunscreen authorization and walking forms. There are additional forms at the front desk if you need one. Also be sure to change out your child's extra clothes in their cubbies for spring weather!

Thank you again for choosing us as your preschool and child care provider. The feedback forms we received really helped us see the areas of our school that are doing well and any that could use improvement.

Best,  
Holly, Amanda, & Lauren
